

## **GREEN TEA COCKTAIL**

It is not the Vietnamese culture to have cocktails. When you visit the country, unless you find yourself at a tourist location, you will not have cocktail options, so this recipe is inspired by contemporary fancy bar culture and flavours of Vietnam.

**Serving: 1**

### **Ingredient list:**

1 part Brewed and Chilled Green Tea  
2 parts vodka  
1/2 lime  
Sugar Cane Syrup or Simple Syrup  
Mint Leaves  
Ice Cubes

### **Process:**

Brew the green tea per the packet's instructions. Chop your mint and allow it to steep in the tea. Transfer the green tea to the fridge to cool. Combine your cold tea with vodka, lime and simple syrup and shake thoroughly. Strain through a fine strainer into a glass and top with ice cubes. Decorate with mint leaves!
