WELCOME TO THE CHEF & THE DISH

How it works.

Get ready for a cooking experience you'll never forget! In your Multi-Location Cooking Class with The Chef & The Dish, you and your team will be joined by your Chef who will guide you through mastering a dish, native to their region. Your class will also be co-hosted by a Host from The Chef & The Dish.

During your Cooking Experience, you'll get to know your chef and teammates. Then, you'll begin to do work together. Just follow your chef's lead. Ask questions, share stories, and have some fun together as you whip up an amazing traditional dish. Watch your chef, and get personalized coaching as you learn the fundamentals of their nation's most important dishes.

At the end of the class, enjoy your first few bites, and then say goodbye to your chef and classmates so you can enjoy an epic meal.

WEIGHING YOUR INGREDIENTS

WEIGHT TO VOLUME CONVERSIONS

Many of our Chef's at **The Chef & The Dish** use weight measurements as their primary unit of measurement. It's standard in a lot of commercial kitchens around the world, especially where accurate and scalable measurements are needed.

You don't have to worry, the team at **The Chef & The Dish** has converted most of these weights into easy to measure volume measurements for you. However, as you further your culinary journey and start reading recipes and cooking dishes from around the world, you may want to buy a weight scale to translate some of the recipes for yourself. Weighing your ingredients remains the most accurate way to measure food.

We've attached a chart of some of the standard weight to volume conversions. This is only a guide, depending on the ingredients and how its packed, the volume can vary greatly.

We encourage everyone to keep thinking about food and cooking, and most importantly, keep exploring.
